ORDER TO CLOSE

HARRISBURG, May 27.—(INS)—The Belle Vista sanitarium where nine patients perished in a fire March 29 is confronted today with a State Welfare Department order to close its doors by August 1.

Secretary William C. Brown said the order was sent to Belle Vista Superintendent Roland Randall. The privately-operated institution is located in Montgomery county near Philadelphia.

Local residents, particularly proprietors of downtown business establishments are warned by fire department officials and medical authorities of the careless disposal of neon light tubes. Incidents have been reported recently of these tubes being placed in rubbish containers where they are picked up by youths who play with them. These tubes are coated on the inside with a poisonous substance, which can cause serious infection. It is stated, and should be disposed of in a careful manner. Anyone cut by pieces of the glass might be subject to serious infection, it is stated.

With a large increase in auto traffic anticipated over the week end on highways in this area, safety first for all drivers is again urged. Forecasts indicate a lot of motorists will lose their life in traffic accidents in the nation over the holiday period. Make sure that one of them will not be yours.

Workmen are engaged in extending a water main from the end of Highland avenue down the old plank road into the Neshannock township district.

Woods in the Lawrence county area seem to be providing a much larger proportion of trees in red or pink blossoms this season than usual. Pa. News is told that most of the trees are wild crab apple.

Work is in progress on beautifying the triangular piece of land left between the forks of the New Castle-New Wilmington, and New Castle-Sharon highway, seven or eight miles north of the city. Shrubbery is being planted on the site.

Push Probe Into Disaster Taking 32 Lives In Chicago

CHICAGO, May 27.—(INS)—Chicago city officials, pushing investigations into the streetcar-truck crash that killed 32 persons, demanded today that trolleys be forced to comply with city speed laws.

Alderman John J. Hoellen condemned the streetcar's immunity to speed ordinances, saying they operate under an outdated law which allows motormen to flout regulations.

Streetcars, Hoellen said, are classified as trains on a fixed track under an old state railway law. Two other aldermen called for council study of methods for controlling gasoline trucks on city streets and of safety recommendations for trolleys.

Thirty Injured
Thirty persons were injured and eight buildings and several automobiles were set afire Thursday night when the trolley struck the laden gasoline truck. The truck's laden gasoline was ignited and sheathed the trolley in flames.

The dead perished in the aisles and in a crushing jam at the rear door.

Thirty of the dead have been identified. Statements of witnesses and survivors have indicated the trolley was traveling about 30 miles an hour when it hit a switch swinging it into a turn-around.

The death toll, first fixed at 33, was reduced to 32 yesterday. County morgue officials said what was believed to have been a body actually was several parts of other remains.

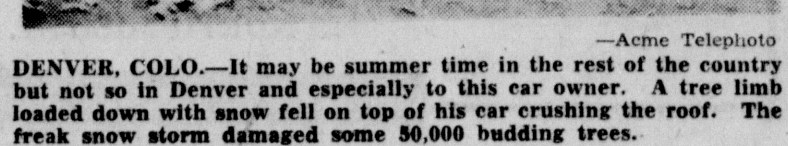

Thomas Roy Cunningham, aged nine years, son of Mr. and Mrs. Paul Cunningham, Koppel, drowned Friday about 4:30 p. m. in the Beaver river, below Koppel.

He had gone swimming with a group of boys.

The body, which was recovered by the rescue squad of the Ellwood City Fire company, was in the water 45 minutes.

This change will divert a lot of holiday travel from New Castle streets, Mr. Martin stated.

New Penalties Are Imposed

Czechs Ordered To Close Diplomatic Activities In New York

WASHINGTON, May 27.—(INS)—The United States ordered Czechoslovakia today to close all its diplomatic activities in New York City in retaliation for the forced reduction of the American staff in that country.

A note delivered to the Czech minister of foreign affairs in Prague complied with a request of the Communist dominated regime that the U. S. diplomatic and consular staff be reduced to twelve.

However, the note declared that in view of the forced reduction of its personnel and in "recognition of the curtailed relations between the two countries" the United States requests Czechoslovakia to close the office of its consul general in New York, including the office of the commercial counselor.

Graham faces the toughest battle of his short political career from Willis Smith, a Raleigh corporation lawyer and bitter opponent of the Truman program. Smith has waged his campaign on the same issues that gave Rep. George Smathers a clear-cut victory over Sen. Claude Pepper in Florida's recent Democratic primary.

Acheson Back From London Conference

By JOHN A. REICHMANN (U. S. Staff Correspondent)

WASHINGTON, May 27.—Secretary of State Acheson returns from the Atlantic Pact conference in London today to consult President Truman on many grave decisions affecting American strategy in the cold war.

The secretary arrives in New York aboard the S.S. Britannic on the eve of a crucial round in the East-West battle to be staged in Berlin.

To Fly To Washington
Acheson will fly at once to Washington aboard President Truman's private plane and then motor to his country home for the weekend. But he will spend the Sabbath in watchful waiting.

On Sunday, thousands of Soviet zone youth plan a gigantic political demonstration in Eastern Berlin, but the U.S. and its cold war allies are armed and alert against the possibility that the rally is a "Trojan horse" attempt to drive them out of the former Nazi capital.

Some reports from Germany indicate that the tension over the situation has eased recently because of the West's firm determination to stay in Berlin. But all government officials, especially Acheson, will spend a tense weekend.

The secretary is also expected to devote his time to preparing the speech he will make Wednesday before Congress.

'Point Four' Program To Cost Huge Sum

WASHINGTON, May 27.—(INS)—Senate critics of President Truman's point four program took a look at the avalanche of applications for the technical aid today and raised a bipartisan cry of "I told you so."

Sen. McClellan (D) Ark., said the state department list of 60 applicants bears out his contention that the program was designed to "spend more billions and spend indiscriminately."

Republican indignation was aroused by the state department's report that the 35 billion dollar point four appropriation would be far too small if it okayed all the requests on file.

Under point four, the state department may send experts abroad to give advice on such a wide range of projects as malaria control, irrigation projects, hydroelectric construction or crops.

A companion bill yet to be passed would make it possible for the export-import bank to loan money for the enterprises. The unpassed bill also would encourage private citizens to put money into these overseas developments.

McClellan revealed that he will vote against funds for point four when the issue comes up in the senate appropriations committee.

Find Woman Guilty Of Manslaughter

PITTSBURGH, May 27.—(INS)—A 29-year-old former Wac was found guilty in Pittsburgh last night of voluntary manslaughter in the death of her husband.

A jury convicted Mrs. Dorothy Howrychak of fatally wounding her husband, Jim, last January 3 in their home in their Robinson township home.

The minimum prison term facing the plump blonde is 12 years. Sentencing was deferred by Judge Russell H. Adams, who gave the defense attorney four days to file for a new trial.

The former Wac left the courtroom sobbing. In her defense, she claimed she did not recall pulling the trigger of the rifle which killed her husband.

Millions Taking To Open Road In U.S. For Holidays

(By International News Service)

Millions of Americans took to the open highways today as the four-day Memorial Day weekend began with warm and sunny weather prevailing over most of the nation.

Cool, cloudy weather and showers were in store for the Pacific northwest. A similar low pressure area extended from Southern New England to the Gulf Coast, bypassing Florida, Georgia, the Carolinas and most of Virginia.

The National Safety Council has predicted that 290 persons will lose their lives in traffic accidents.

Council President Ned Dearborn said the toll probably would not be as heavy this year as it was in 1948 and 1949 when Decoration Day fell on Monday.

Many are expected to cut their weekend celebrations short to report for work Monday.

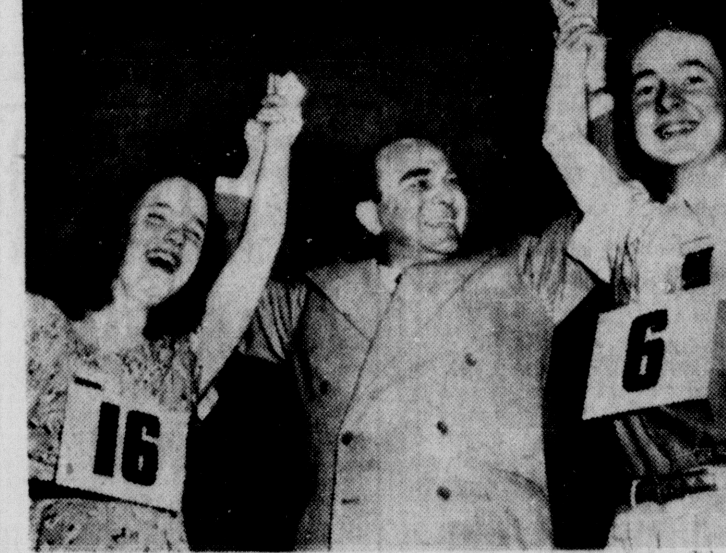

Dearborn said: "Our death toll is estimated on a predicted 30 million cars on the highways over the four-day weekend. The toll could be cut in half if motorists meet the holiday hazards with extra caution and courtesy."

Water Service Is Planned For Sunday

Ladies of the G.A.R. and their friends will gather at the North street bridge Sunday evening at 6:30 o'clock for their annual Memorial Day season water service, when tribute will be paid to the memory of those who lost their lives at sea during the wars of our country.

Attorney Walter Kiehl, a veteran of the late war will be the speaker of the evening. The invocation and benediction will be given by Rev. Earl E. Collins, and the choir of the Bethel Baptist church will assist with the program.

'Free German' Youth Gather In East Sector

Fully Equipped Troops Are Ready For Any Action

By KINGSBURY SMITH (European General Manager, I. N. S.)

BERLIN, May 27.—American and western allied troops were ordered to "shoot to kill if necessary" to prevent any communist attempt to seize control of Berlin during east German communist youth demonstrations.

"Free German youth" were assembled in eastern sectors for a mass demonstration at the climax of the Whitsuntide holiday.

Western military forces with tanks and full battle gear were on combat alert to meet any eventualities despite protestations that the mass Whitsuntide rally will not overflow its bounds from the east.

U. S. military police increased the number of their patrols throughout the American sector.

American officials said troops will be sent into action at any time German police in the western sector are unable to deal with the situation.

Constant Liaison
A constant liaison was being maintained with west Berlin police. The forces are equipped with "mob persuaders" which include tear gas equipment and high pressure water hoses.

Hundreds of Germans seeking a holiday "from fear" fled to the western zones of Germany. Authorities described the flight as the "biggest exodus of its kind since blockade days."

But the long-awaited showdown in Berlin appeared to be nothing more than a propaganda battle at present.

The Social Democrats, western sector released balloons, carrying anti-communist leaflets, to be carried by the prevailing winds into the east sector.

ADN, the Soviet-licensed news agency, said that 500,000 youths had arrived in Berlin for the rally, a claim that was not confirmed by any other source.

On "Combat Alert"
Token forces of American, British and French troops were kept on "combat alert" while the last thousands of communist youths poured into the eastern sector of the former German capital for Sunday's demonstration of strength.

The western military forces, totaling some 8,500 troops, including 4,000 United States soldiers, stood by to prevent, even at the risk of war with Russia, any communist incursion.

There was real belief, however, that the communists will abstain from creating any serious disorders on a large scale in western Berlin.

In fact, one of the main pre- (Continued on Page Two)

Berlin, May 27—The first shooting affray of Berlin's danger-laden Whitsuntide week-end occurred today when communist east Berlin police fired into the United States sector during a reported kidnapping incident.

No one was injured. French tanks rumbled up to the sector border at another point to stave off a group of communist youth demonstrators attempting to surge into the western area.

According to west Berlin official, the shooting incident occurred when communist police set up on a school teacher employed in the United States sector and started to drag him into the Soviet zone.

West German police and civilian bystanders intervened. At that moment, the east Berlin policemen, back inside their own borderline, fired over the heads of the crowd.

TOKYO—(INS)—Japanese farmers are balking at government efforts to sell them land on Mount Fuji, the 12,461-foot "sacred mountain". The farmers claim government prices are exorbitant. This land, formerly an imperial preserve, was acquired by the nation in lieu of taxes which the improvised imperial household was unable to pay.

Following the pictures, the group adjourned to the dining room and partook of a tasty "silver tea". Those pouring were Mrs. Raymond Kelly and Mrs. Lila Thayer. Spring flowers and lighted tapers decorated the tables.

Neff Protests
Insular Plan

State Senator Samuel Gunnnett Neff has returned from Washington, D. C., where he appeared as a protestant against the proposed plan of establishing a pottery on the island of Puerto Rico.

The proposal is that the Crane Company which expects to erect the plant with government loaned money. Labor rates on the island are between 25 and 35 cents per hour, there is no income tax, no realty taxes for a number of years and no import taxes into the United States for the finished product.

Senator Neff protested upon the grounds that such competition would be unfair to mainland potteries. He pointed out that the government was in this proposal two ways, first by loaning money for the erection of the pottery and second by providing relief for Puerto Ricans over and above the sub-standard wages they would receive.

WHAT HAPPENS
AFTER DEATH?

In a few score years, all who read these lines will have vanished from the face of the earth.

Every day, almost a hundred thousand human beings finish their earthly span and pass off into the vast beyond. That our turn will come we all know, but when and where and how we cannot be sure.

No merely human being ever has been able to look into eternity and tell us what it is like. No scientific knowledge or scientific instruments can pierce the curtain that divides this world from that into which all of us must eventually journey.

All we know about God's eternal plans for us . . . all we know about what lies beyond the grave . . . comes from the God Who made us and to the extent He has seen fit to reveal it to us.

But we can face eternity without fear. For we do have a definite answer to the mystery of death. With the facts God has put at our disposal through the inspired books of the Old and the New Testaments, the Catholic Church always has given, and gives today, a definite answer to the tremendously important questions raised by the fact of death.

Man's life in this world, the Church tells us, is a preparation for the world to come . . . a testing-time which ends with our death. What happens after that depends on whether death finds us loyal to God, or opposed to Him and the way He expects us to live. "It is appointed unto men once to die and after this the judgment" (Heb. IX:27).

Christ gave us (Matt. XXV) a description of God's judgment which leaves no room for doubt that our worthiness of everlasting reward will be judged solely according to the way we have lived our lives on this earth.

Death does not bring merely a long, unconscious slumber, but rather a quick awakening to the irrevocable judgment of our Creator. Nor does it bring us a second chance to prove ourselves or to amend our erring ways. In our own hands rests the opportunity . . . and upon our own heads the responsibility . . . to determine if death shall be the threshold to everlasting life among the blessed, or among the lost.

Men blessed by youth and good health often feel that death for them is far away—something to be worried about only in the twilight years. Some scoff at the suggestion that an everlasting hell could be permitted by a merciful God. Others seem to think that God will treat them kindly if they live reasonably moral lives, even though they pay Him no special honor which is His due.

Try And Stop Me

By BENNETT CERE

In Tempe, Ariz., they tell some tall tales of the early days before the railroads brought civilization—and winter dude ranches. Once a ranch hand was up for trial for horse thieving, and they couldn't find 12 jurors willing to give him a fair shake in court. The judge roared, "There'll be no hanging in this town while I represent law and order! Round up 12 lawyers and herd 'em into the jury box."

By combing the surrounding country, they managed to find 12 men with law degrees of sorts, and the long-delayed trial got under way. The townsfolk expected a quick verdict of "guilty," and so did the judge, but the 12 lawyers stayed locked in the jury room for eight solid hours. Finally the judge summoned them and demanded, "Haven't you danged fools decided on a verdict yet?"

"Heck, Judge," demurred one of the jurors, "we got our verdict in three minutes. What we can't seem to agree on is a foreman."

A long-winded senator took time out from his Washington chores long enough the other day to send his son a typewritten letter of advice. It was six pages long, single spaced. The senator signed it, "Yours in haste."

U.S. Prepared To Follow Up Mission In Southeast Asia

WASHINGTON, May 27.—(INS)—The United States is prepared to follow up establishment of a foreign aid mission in southeast Asia with medical shipments to Indo-China in the next few weeks.

This was disclosed by authoritative sources who said officials consider the health situation in Indo-China "a very serious emergency."

Officials also said Economic Cooperation Administration missions will be sent shortly to other nations in the area including Burma, Thailand and Indonesia.

The new "stop communism" program officially got into operation when ECA created a "special technical and economic mission" assigned to Caraboda, Laos and Vietnam, the three nations comprising Indo-China.

Robert Blum, 39-year-old expert on southeast Asian matters, was appointed mission chief. He is now at Saigon, capital of Vietnam, gathering his staff.

Washington officials said the next step in the program is to put the medical plan into operation.

ATLANTIC COMINFORM

PARIS — (INS) — An "Atlantic Cominform," military, economic and political, has been proposed by an influential Paris newspaper as the only defense against Russian aggression. "Le Monde," a conservative paper which often reflects official French views, argued recently in a front-page editorial that the time is ripe to build "real, concrete and efficient Atlantic co-ordination."

Honor The Dead; Don't Join Them Let's Make Memorial Day Safe

Memorial Day is a day set apart to honor the sacred memory of those who have died. It never was intended to be a day to add to the hospital lists or the obituary columns.

As truck operators we want to do our share towards keeping the highways safe at all times. Because Memorial Day will be a day of heavy traffic we expect to move trucks only when it is absolutely necessary. We ask non-member truck operators to do the same.

Let's make this Memorial Day a safe one. Drive as though you expected to be out again on the highways on the Fourth of July.

Crowd Enjoys McGill Show

Students Present Colorful Operetta

Gypsies, spooks, and bells came to life last night in the presentation of the operetta, "White Gypsy," by the students of the Arthur McGill school.

A near capacity crowd enjoyed the production in the George Washington junior high school auditorium. The two act operetta was directed by Miss Margaret McCracken, drama teacher, and Miss Margaret Preston, music director. Members of the cast seemed to possess all the characteristics of professional actors and singers as they cavorted about in the intricate dance steps.

Several features in addition to the excellent work of the cast and chorus of the operetta, several feature numbers were presented. A group of girls in gypsy costumes created a lovely pattern as they presented the unusual "Scarf Dance."

The king's attendants in their jaunty uniforms were Teddy Humphrey, Charles Seinkner, Tommy Anderson, Larry Adams, Jack Preston, Bobby Robinson, Sammy Kantz, Billy Meredith and guards, Tommy Langley and Warren Grannis.

During the intermission, orchids were presented to Mrs. Jacob Jordan, Miss Margaret McCracken, Miss Margaret Preston, Miss Ruth Gilchrist, and Mrs. Clara Cruchman in appreciation for their work in making the operetta such a success. Authentic costumes and backdrops added much to the enjoyment of the production. The "White Gypsy" was one of the most unusual children's operettas to be presented in New Castle for some time.

Fails To Claim Police Forfeit

When Patrolman Kelvin Goodman at 2:45 a. m., today discovered Angelo Pastucca, Hamilton street, asleep on the steps of a church at Long avenue and Hamilton street, he tapped one of Pastucca's feet with his nightstick.

Pastucca took offense, according to the officer, used some strong language then swung at Goodman. The officer arrested him on charges of intoxication, disorderly conduct, and resisting an officer.

Pastucca placed a cash forfeit for a hearing in police court this morning but failed to appear.

MATTOON, III.—(INS)—Paradise township has no time for Democrats. After a recent primary election, a Journal-Gazette reporter called for returns. Around Hollywood

By FRANK NEILL
(International News Service Staff Correspondent)

HOLLYWOOD, May 27.—Some actors, between screen stints, peddle real estate or insurance. Some sling hash or wash dishes to get the hash. Some simply collect unemployment insurance. Others live on faith, hope and charity—mainly the latter—while waiting for their big break.

And now comes Burt Lancaster, the brain and brawn guy, who admits he lived on the fat of the land and from the fat of the land. He means the ten percenters that Hollywood calls "flesh peddlers". Agents, that is.

Star Salesman

Burt has plied his trade in a variety of tasks, from floor walking in ladies' lingerie to hawking haberdashery in a Chicago department store.

He got bored with these jobs and turned somersaults to get fired. He was a star salesman and did not get canned.

So then the former circus acrobat latched on to a chore where he got all the exercise he needed—repairing busted cooling systems, swinging a pick on construction projects and firing boilers.

That was all pre-war stuff. Burt always had knocked down good money on his jobs—until he accidentally became an actor the day after he received his army discharge.

He was riding up an elevator in a New York office building when a Broadway producer's aide-de-camp spotted him. And before Burt Lancaster could pronounce his name he found himself as the star of his first and only New York play, "A Sound of Hunting".

Burt reaped rave notices and all the big agents were hot on his trail. He recalled today: "While I was deciding which movie offer I should take, I had to eat. And I got good coaching from a pal who knew the ropes—Sam Levene, a wonderful guy and a terrific actor."

"Sam coached me to play it cagey. Let 'em wine and dine me but keep giving them the perhaps-and-maybe treatment. Meanwhile, I had the most expensive lunches and dinners of my life when I was as broke as I've ever been."

Likes Acting

Burt admitted he was crazy about the acting profession after his one big-time stint. And he felt the same way about the movie business after meeting the right agent, a gent named Harold Hecht, now Burt's manager for his own producing outfit, Norma Productions. The company was named after Mrs. Lancaster.

They organized the concern less than two years after Burt zipped to overnight stardom in Mark Hellinger's "The Killers".

Mt. Jackson Commencement

Address Delivered
By Youngstown Man

A large assemblage of parents and friends of the 1950 graduating class of the Mt. Jackson high school at North Beaver township witnessed the 41 members receiving their diplomas Friday evening during the annual commencement of the school.

The final high school event of the senior class proved inspiring to the seniors and audience as they listened to a thought provoking address given by W. Kyle George, druggist of Youngstown, O., who urged the class to keep moving forward in the future. He pointed

out that success was obtained by the one who desires to obtain goal.

Surprise Message

A surprise was received by the class when a telegram was read from Eileen Gilmore, a former member of the class now residing in Florida. She wished the members success as they entered out into the world. Address of the Salutatorian, Rebecca Kornbau was capably delivered. Mildred Bradley, class valedictorian, presented an outstanding address during the ceremonies.

Music during the program was provided by Nancy Lou Trotter the girls' trio and the boys' ensemble. Rev. Homer G. Becker and Rev. Willard George assisted in the program. Class adviser, J. W. Laughner, was presented with a special award. Floyd Witherspoon, school board president, presented the class with their diplomas.

Seniors Graduating

The following received diplomas: Doris June Allen, Rhea Joan Bentley, Mary Eileen Bianchi, Mildred Jane Bradley, James John Certalich, Forest Clyde Conley, Jr., William Robert Cover, Dean Kenyon Devin, William Albert Emery Lloyd John Geramanski, Richard Henry Giessecke, Jr., Clifford Lavelle Gwin, Samuel Andrew Haggerty, Shirley Anne Hayes, Albert George Hoffmaster, Anne Louise Knowlson, Rebecca Mae Kornbau, Knut Andreas Kronstad, Leroy Albert Kuhn, Regina Angelina Leskovitz, Richard Eugene Martin, Keith Vernon Macek, Arthur Lee McAnlis, Delores

Louise McConnell, Doris Leona McConnell, Robert Samuel McCullough, Dorothy Jean McGahan, Mary Ann McKee, Mary Evelyn McMullen, Rosemary Ann Murphy, Robert Terry Murphy, Eva Joan Paden, Mary Elizabeth Perwell, Sara Jane Reed, Margaret Rosella Reher, Robert Clare Rogers, Elmer Daniel Shafter, Florence Edna Stephenson, Glenn Oliver Strohecker, Phyllis Kathryn Wilson, Robert Harry Witherspoon.

Local Contractors Are Low Bidders

If the award goes to the lowest bidder, Matthew Leivo Sons, contractors of New Castle will erect the new building for tubercular patients at the State Hospital in Torrance.

The bid of the local company is \$892,000, the lowest of six bids for the general contract. Additional bids for plumbing, heating, electrical construction, cafeteria equipment and such will bring the total cost of the building to about \$1,250,000.

SAN FRANCISCO — (INS) — When Henry Thompson of San Francisco heard the telephone ring in his home he moved so quickly he stumbled over the cord, and broke his leg. When he finally got the receiver to his ear, a voice announced: "I wonder if I could take up a little of your time, I'm selling accident insurance."

Find Body Of Man Sought In Shooting

CLINTON, Pa., May 27.—(INS) —The body of 50-year-old Dewey McLaughlin, whom neighbors described as a "strange man," was found Friday in the corner of a rail fence, one mile east of the

Clinton home where his sister-in-law was killed last Wednesday. McLaughlin apparently had taken his life by firing a shotgun blast into his stomach. Police believe the weapon is the one used to kill Mrs. Josephine McLaughlin, 41.

Detectives had searched sur-

rounding fields and abandoned coal mines for a trace of McLaughlin who was suspected of shooting his sister-in-law as she washed clothes in her two-room home.

The automobile tire-carrying rim was invented by Louis Henry Perlman in 1906.

Make Reply To Statement

Teamsters Union
Replies To Nixon

William Greer, secretary-treasurer of the Teamsters Union today answered Irvin Nixon of the New Castle Packing company.

On Friday Mr. Nixon made a statement in which he made certain charges concerning the strike which presently exists at the packing plant.

Answering these charges Mr. Greer said today: "Mr. Nixon said 'Up to that time our six employees had been employed continuously at a rate comparable with the going Teamsters rates. They had six paid holidays a Christmas bonus, and labor relations were harmonious.'"

The employees professed a desire to join the Teamsters Union because at that time they were not enjoying the privileges of the Teamsters contract.

"Mr. Nixon said, 'On Friday, April 21, we were confronted by a representative of the Teamsters

Union with a contract that was impossible for us to sign. In it the demand was made for 43c per hour increase, a guarantee of 40 hours per week and other demands."

The Union presented Mr. Nixon with a contract proposal for negotiable purposes. "Mr. Nixon also said, 'We said we would sign the standard Teamsters Contract but were told that was not good enough. There had been no strike vote, no announcement that a strike was considered. On Tuesday April 25, we were told that unless the contract was signed immediately, a strike would be called. A strike was called that night.'"

A strike vote was taken and the employees voted to strike unanimously. Mr. Nixon was contacted and informed of this action. The Union met with the 6 owners of the company on Monday, April 24. After 4 hours of negotiating, the union was told that the company would consider no increases in wages and would give no consideration to a 40 hour work week. The Union contacted the company on Tuesday, April 25, and the company maintained their previous position. The Union then notified the company that they would be struck. The Union was told that there would be no consideration on any of these demands.

"Mr. Nixon said, 'We are willing to abide by the regular Teamsters contract. We are willing to bargain but will not be held up. If it means abandon of the new plant, then this will be done.'"

This is not true: The Union has been willing to meet with the company at any time in honest negotiations. The Union has contracts with approximately 25 different companies in New Castle and has never had any major trouble with any companies.

The Boston Tea Party was only one of six similar "tea parties" in the American Colonies.

Truck Driver Is Wounded Seeking To Protect Woman

PHILADELPHIA, May 27.—(INS)—A 27-year-old truck driver was shot and seriously wounded today as he reportedly attempted to rescue a young married woman from two maulers.

Physicians at Northeastern hospital said Celment Siudowski suffered a serious loss of blood from a bullet wound in the arm. Joseph Messer, 22, and his wife, Margaret, 18, told police they spent last evening with Siudowski and Thomas Kenney, 31, also a truck driver.

The two men accompanied the young couple to a corner to wait for a street car. Messer said two men in an automobile attempted to "pick up" his wife.

In the ensuing argument, Siudowski was shot and the two men in the automobile sped away, Messer added.

Huge Damages Asked For Accident Deaths

HARRISBURG, May 27.—(INS)—A Public Utility commission attorney involved in a February 14 automobile collision is being sued for \$100,000 by survivors of two men killed in the crash.

Survivors of each of the men are seeking \$50,000 damages from Albert E. Luttrell, of Burgettstown, who was injured in the Harrisburg mishap. Luttrell's passenger, Mrs. Jane M. Carmella, of Grove City, was killed.

The two fatally injured men were Franklin R. Miller, of Williamstown, and Ray E. Heimbaugh of Lykens.

GUILTY OF DEFRAUDING
HARRISBURG, May 27.—(INS)—Scranton merchant Robert E. Stoeber, convicted of defrauding the U.S. government of \$338,000 in in-

come taxes from 1943 to 1945, today is free in \$5,000 bail pending a ruling on a new trial.

A jury of seven men and five women last night returned a verdict of guilty to close the 17-day long case, largest tax fraud trial ever held in Harrisburg's Middle District Federal Court.

Great Books Forum Discusses Classic

Great Books Forum met at the Public Library in an interesting session on selected readings from the works of Charles Darwin, 19th century scientist and traveller. The discussion was more informative than controversial.

The next meeting will be on Tuesday, June 13, at 8 p.m. in the Public Library. The book discussion will be on "The Way of All Flesh," by Samuel Butler. Several copies are available at the library.

All the meetings are open. If you can read the book before the meeting, the discussion will be better and more enjoyable.

Oil City And Butler Lose, Herm Kiel Hits 5th Homer

New Castle's hustling Senators lost at Vandergrift last night 11 to 10 in a ding-dong battle, but still maintain their game and a half lead, as a result of Youngstown trouncing Oil City 17-6, and Niagara Falls twisting the Butler Tigers tail for a 5-3 loss.

The Senators and Vandergrift are scheduled for another game tonight at the Pioneers Field. Manager Chuck Cronin will start Stan Zedalis on the hill seeking his fourth win against one defeat. The Senators windup their Vandergrift stay Sunday with an afternoon tilt.

Al Mouton continued his sensational hitting with two doubles for three hits in five attempts.

New Castle outlived The Pioneers 14 to 11 but couldn't get them at opportune times. Hitting homers besides Kiel, were Roop and Shimshock for The Vandies.

Dick Janacone Chased
Dick Janacone, the New Castle's starter for The Senators, but was chased in the third after giving up three hits, and three walks for four runs. Carl Schultz relieved and was charged with the loss, George Becka finishing.

Lawson started for Vandergrift but was chased in the second inning, Kaufman taking over, getting the win, but needing relief by Kowalski in the ninth.

Kowalski To Rescue
The Senators got to Kaufman for a single and a walk in the ninth, before Kowalski took over. Famiglietti batted for Becka and forced Eikenberg at second, with Rossman running for Horne moving to third. Bilo singled to right to plate Rossman, and later Mouton had walked to load the sacks, Ackerman lifted to Roop in right to end the game.

PIPER B. PRESTON HAS HOLE-IN-ONE AT CASTLE HILLS

"It's a thrill of a lifetime," was the way Piper B. Preston, 310 North Mercer street, explained today to his friends the hole-in-one he made at the Castle Hills course No. 2 hole last night.

Preston, a Castle Buick company employe, was playing in the Auto Dealers' Employees' association

league with Al Martin of State street and Jim Markley of 407 Hartman avenue at the time he made his spine-tingling shot. Preston

used a five iron and hit a healthy ball, the ball bouncing on the edge of the green and making straight

for the hole, where it "plopped in" amid much rejoicing by Preston and his companions.

Preston finished the nine holes with a 49 card, but after the hole-in-one his golf game suffered considerably, he admitted to The News today. "I have been playing golf

about eight years, Preston said, and this is my first hole-in-one. Gee, what a thrill."

Democrat Vote
Now CompletedSentence Court Held
On Friday Morning

The official recount of the votes cast on May 16 in the primary election has now been completed. A compilation of the Democrat vote was turned over to the Board of Elections Friday morning and is shown below. The Republican vote was tabulated later Friday but not in time to be used here.

The totals in the Democratic primary follow:

For U. S. Senator—Francis J. Myers, 4945. For Governor—Richardson Dilworth 3456, Henry Arthur Morris 742, and Clarence P. Bowers 836.

For Lieutenant Governor—John F. Davis 1365, Michael A. Musmanno 3873. For Secretary of Internal Affairs—Frank W. Ruth, 4584. For Judge of the Supreme Court—Michael J. Eagen, 4244.

For Judge of the Superior Court—Roy L. Carson, 4102.

For Congress—Christy J. Mangin, 305, Adam C. Marburger 1169, Richard V. Aiello 927, Samuel Gunneth Neff, 2863.

For General Assembly, first district—James A. Travers 1254, Theodore R. Castele 560, Joseph R. Hensley 650. Second district, Frank M. Clark 1583, Martin J. Kovach 1368.

For State Committee—Thomas L. Hanlon 1390, Arsen F. Armond 2179, Thomas George 1553.

THEY WANTED BOWERS

In spite of the fact that he withdrew from the race for the Democratic nomination for governor, a lot of Lawrence County voters seemed to want Clarence Bowers of Reading. Just why is not clear, but in addition withdrew, although too late to get his name off the ballot.

DALLAS, May 27.—The purchase of United States savings bonds makes the safest investment possible; he is free of any danger of market risk; he has an investment which automatically grows by one-third in ten years, and he is building financial independence for himself and his family.

These are some of the reasons why millions of Americans continue to buy and to hold United States savings bonds. No better thrift plans than the payroll savings plan and the bond-a-month plan have ever been devised to help the average citizen achieve financial security.

These plans make systematic saving easy and automatic.
